**Please be aware: we will remove and dispose of items that are obviously broken, are in extreme disrepair, or pose a hazard. Glass vases are not permitted in any garden, but we will make plastic vases available to you should you wish to trade in your glass ones. Any items not on the marker itself will be placed, to our best ability, on the marker. In cases of larger quantities of memorabilia, items will be boxed or bagged as usual. After the conclusion of the Autumn Clean-Up, property not replaced on graves will be held in an easily accessible area for a time. We will bear in mind that for many families, regular visits are not possible, and property may be held until the next clean-up.*

Please reach out with questions or concerns and our staff will be able to assist. If you would like to be notified of future clean-ups, please submit a request with your contact information in the Contact Us portion of our website.
