My last memory of duke was but weeks ago.we relived old times and talked about my parents of which he expressed great respect and admiration.and I told him that I too had the same for him.he was a hard charging no nonsense real hard worker.he loved his "little girl"more than life its self.and I know she grieves for him as do I and those days of yester year.I am saddend that his grandchildren and great grandchildren were cut short with time spent with him but I vow to rekindel there memory as they get older....my conclusion is that the good lord needed some one to look over all those big rig drivers on the roads.and so he choose one of the best.....GODS SPEED..DUKE...10/4. My dear brother... My heart is heavy & saddened . He was a one of a kind guy. My kids, when they were younger loved when he came over to our house. He would make them laugh with his silly antics. They still talk of some of the things he would say. He was always there at the baby showers, oohing & awing along with the guest. He made life interesting... He will be missed so very much by all who knew & loved him. Our family is shrinking now, we will all meet again in the great hereafter. I love you brother. May you rest in peace. Your sister, Carole

as a kid driving through the mountains with duke we would come across the sign that showed rocks falling from a Clift. Duke would tell us that that's a sign to look for an old Indian name falling rock.
