from day one without knowing it I love you with all my heart as I grew older I looked up at you and no other yes we fought many times but you supported and encouraged me in .everything I did. You were my best friend my hero at night I miss the sound of your action movies playing I miss kicking back with you out in front of the house I miss Sharon how my day went with you I miss your comfort in the way you would make me feel safe I miss our nonsense arguments and all our wrestling matches just a pastime I like to remember the times together good times and bad I regret the time they yelled at you when you yelled at me when you're only trying to help but you know I only did it because you did it to me I wanted to do everything new did because I wanted to just I want it to be just like you I miss your smile I miss the scent of your cologne when you would walk into the house I miss your reassuring hugs and playful kisses I wish I could go back and tell you how proud I felt for all you've achieved in your life . Yes there's no doubt you were a go-getter alright. I really miss you no matter what I said I will always love you no matter how long it's been since you're passing. You left something really special to hold on to something no one can take memories all kinds of memories I love you very much. Till we meet again your sister who missed you dearly. I love you my brother.

Israel will be missed by many, but especially by me. For years we talked about having a family and finally, we began in September 2010, when our first daughter, Thalia Isabel, was born. Just under a year later God took Israel to his side. Our daughter lost her father but gained an Angel. Israel was a great man, a great friend, a great father, but best of all a great partner. He will always be in my heart and in Isabel's.##imported-begin##Lupe Mejia##imported-end##

Ray had such a great heart. His smile was infectious, and he made a positive impact in the world. Keeping your family in prayer, May GOD carry you through this time of loss. May you all remember the happy moments you've shared with Ray and celebrate his life.##imported-begin##Cynthia Macasocol##imported-end##
