Auntie, I remember how you used to cook for my dad and mom and the family every time we came over to your house. You always had something for us to eat. We used to sit in the garage with the garage door and just talk and talk and laugh all during the day. I remember just sitting there listening to you and my parents talk anything. Auntie, you were so good and nice to me. When you do find your way to the stairs with the Angels, and I am sure that you will see my dad. Can you tell him that I miss him so much and that I love him. And when you see Hector tell him "hello" for me. You will always be in my heart of love and I know that you will always be free of pain and will love where you are. Love Lorraine Dominguez Amaya Howard.##imported-begin##Lorraine Howard##imported-end##
