Babe, You're gone, and all that's left is nothing but memories, Memories that lead me to silence and in tears. I miss your arms that hold me tight, Your snore that fills our room at night. You're gone, and I can no longer see your handsome face and the twinkling of your eyes when you look at me But I thank God he lets me see you as I weep, In dreams we talk and laugh together. There I can say I love you more than ever. You're gone, and I feel so weary when I'm alone. Wish you were here and would come back home. I'm hurting and longing for your touch. Why does parting have to hurt this much? You're gone, and I miss your voice, Your laughter that fills the house with noise. Your absence makes me feel so blue. My life is empty without you. You're gone, and I know I shouldn't be so sad For you left a treasure of memories for me to cherish forever. A constant reminder that once I had your love. Babe, even though I can't see you, but I know you're up there watching over me. I will stay strong and live my life to the fullest till we meet again. I love you.

Carlos was a great guy, easy going, smart and hardworking. He was always willing to help and to lend his expertise wherever he could. So sad that never got the chance to enjoy his much deserved retirement. He will be missed.
