“ Aunt Mickie would come to Fresno to visit with her parents and the rest of the Sabbatini clan on a regular basis. During those times I enjoyed her company as often and as long as I could. She was this little girls hero! She actually got away from the farm life and went to live in the BIG CITY! I thought that was just the living dream! I wanted to be just like her! And whenever I stayed with her so I could hang out with my other idol, Sharon, people would always ask if I was her daughter! Oh how proud I was!

A few years ago she visited Fresno, staying about one week with my Dad, her brother Gene. After a week of that, Rod and I convinced her to come stay with us. That was absolutely the best time!! She stayed three weeks!

Just last year we visited with her for a hour or so and laughed the whole time! She had all her sense of humor and whits about her! She was just always so much fun!

You will always be my hero! God Speed! Enjoy a beautiful waltz with your handsome sailor and give my wonderful big Sis a giant hug from us.

Love you forever,

Rod and Pam
